*This dynamic course will focus on understanding and supporting students who have experienced trauma. Given the diversity of students in our Catholic schools, we must better recognize their contexts, history, and needs in order to serve them well. Participants will engage in rich discussions, be challenged to try new strategies in their classrooms, and be invited to share their experiences/ideas with others in the course.*

Please complete the application and submit online or mail to: Nazareth Guild PO BOX 76, Spokane WA, 99210 **no later than September 16, 2019**. All approved applicants must attend all classes. The cost of the three college workshop credits will be paid for by Nazareth Guild and Gonzaga University. All accepted applicants will need to purchase the required course textbook from Amazon <https://www.amazon.com/Help-Billy-Consequences-Approaching-Challenging-ebook/dp/B00B5JQEW8>. After required course work is completed, a Gonzaga University transcript will be available for a minimal cost. All passing credits may be applied to determine the pay scale grade.
